I am a front-end web developer with 2.5 years of experience, specializing in creating websites and user experiences. I have collaborated with individuals and businesses to develop their websites, delivering tailored solutions to meet their needs. Currently, I'm learning back-end development and exploring design tools such as Adobe Photoshop, Illustrator, and Figma to enhance my design capabilities.

WORK EXPERIENCE

Faculty In Computer Programming

At Radhaswami Education Institute
February 2024 - Present

I teach students programming languages like HTML, CSS, JavaScript, React.js, PHP, and more.

I've also picked up experience in digital marketing and graphic design, learning how everything works together.
